Typically, taking iron supplements for anemia is recommended if you're unable to meet your needs through food sources alone. Although the dosage can vary based on your specific needs, it's usually advised to take around 150-200 milligrams daily, which can be split into a few smaller doses throughout the day as needed.

Iron Supplements: Dosage Advice for Who Needs Them - Dr. Axe
Vitamins and supplements come in many forms, like pills, liquids, or powders. The one you choose depends on how they work in your body and how you prefer to take them.
