## **Booster Seat Requirements - TheBump.com**

Government regulations of car seats began in the 1970s, and continued to evolve until the mid-1980s, when car seats and seat belts became mandatory. These early attempts lacked the safety features of current models, but it is also important to remember that the safety features from even a few years ago differ from models today.

## **Graco Car Seat Expiration: Know Car Seats And Their Laws**

The car seat guidelines from the AAP recommend that: 1 Infants and toddlers should ride in a rear-facing car seat (infant-only rear-facing car seat or rear-facing convertible car seat) until they are 2 years old or until they have reached the weight and height limits of their car seat.

## **American Academy of Pediatrics Car Seat Guidelines**

Car seats are vital for the safety of children when traveling anywhere in a vehicle, and the guidelines are solid for what your kid needs depending on their height, weight, and age. Experts recommend a rear-facing car seat for at least the first year of life, switching to a forward-facing model once they hit the one to three year age bracket.
