Hans Joachim

Morgenthau was one of the major twentieth-century figures in the study of international relations. Morgenthau's works belong to the tradition of realism in international relations theory, and he is usually considered, along with George F. Kennan and Reinhold Niebuhr, one of the three leading American realists of the post-

### **Principles)**

Morgenthau, throughout this work, strives to work against the idea that international politics in particular, and politics more generally, can be derived simply from philosophical or abstract points, and must be grounded in the imperfect and very human dealings at hand. He outlines six principles which guide this political realism: 1.
