Hillforts Of England And Wales

The Iron Age hillforts have remained dominating features in the British landscape: as ethnologist J. Forde-Johnston noted, "Of all the earthworks that are such a notable feature of the landscape in England and Wales few are more prominent or more striking than the hillforts built during the centuries before the Roman conquest."

Hillforts in Britain - Wikipedia

An excellent unpretentious publication, informative and rigorous. Although it is severely outdated (it was first published in 1982) in one or two aspects, it is a must for the shelves of anyone interested in the subject of hillforts (not only those of England and Wales) or the Iron Age in general .

It is refreshing to see many of the more challenging ideas on the problems of the Iron Age, and the thorny issues of hillforts in general, migrating from the realms of specialist research into a more mainstream narrative.With its extensive bibliography, which will be mined for some of its more obscure references, this book forms an enjoyable and solid companion to the study of the Iron Age of England and Wales.' (Toby Driver Archaeologia Cambrensis, 158, 2009)

Beacons in the Landscape: The Hillforts of England and ...

Hillforts occur in well-defined areas of both England and Wales, although how we define the borderline between an actual 'hillfort' and what we will call, for the sake of argument, 'small defended enclosures' has taxed archaeologists for years.

Beacons in the Landscape: The Hillforts of England and Wales

England's hill forts are concentrated in the south and west, with especially high numbers in the south-western peninsula (Devon and Cornwall have a total of 285 hill forts). There are also 570 hill forts in Wales, and some in Scotland.
