Known as the "lower" house of the legislative branch, the House of Representatives currently has 435 members. Each member gets one vote on all bills, amendments and other measures brought before the House. The number of representatives elected from each state is determined by the state's population through the process of "apportionment."

Legislative Branch (Congress) Introduction. Congress, the legislative branch of government, makes the nation's laws. Congress has vast but not unlimited powers. Each state has equal representation in the Senate, while votes in the House are apportioned based on population.

## **Legislative Branch (Congress) Introduction | Shmoop**

Congress is one of three equal branches of government. Legislative branch makes laws, executive implements enforces them, judicial branch interprets them. Congress makes the laws. If you only know one thing about the legislative branch, that should be it. (Now, it may or may not be a good idea to know more than one thing, but that's up to you.)
