"The Examination" is the story of two young brothers living in China in the sixteenth century. The brothers, named Lao Hong and Lao Chen, live in a small village in the province of Sichuan with a father who spends all of his time drinking and gambling. Their mother, who is an educated woman, has died.

The neurological exam is a clinical assessment tool used to determine what specific parts of the CNS are affected by damage or disease. It can be performed in a short time—sometimes as quickly as 5 minutes—to establish neurological function. In the emergency department, this rapid assessment can make the difference with respect to proper treatment and the extent of recovery that is possible.
