INTRO TO COMPARATIVE POLITICS This course provides a broad overview of the comparative politics subfield by focusing on important substantive questions about the world today. The course is organized around four questions. First, why can only some people depend upon the state to enforce order?

Introduction to Comparative Politics | Political Science

Effective comparative study of political systems is rooted in the scientific method. In this unit, we offer an overview and brief history of scientific inquiry and research methods. We build on these themes as we focus on the comparative method and outline several positivist models of comparison employed by political scientists.
